

*So much has already been given...  
and now it is up to us to pass it on...  
~ for future generations.*

The Muhammad Subuh Foundation serves as a bridging intermediary to enable the present generation to maintain and transfer our Subud legacy, and the accumulated efforts of past and present generations of Subud members, to the coming generations. In so doing, future generations will benefit from the accumulated tangible and intangible Subud assets of their predecessors, for the development of Subud and the spread of the *latihan kedjiwaan* (the spiritual practice of Subud) throughout humankind.

A Benefactor of the Muhammad Subuh Foundation is anyone who informs the Foundation in writing that he or she has made provisions in his or her will, or other estate plan, naming the Foundation or a fund of the Foundation as a beneficiary; or anyone who makes an outright gift of cash to the Foundation.

The Muhammad Subuh Foundation thanks all Benefactors for providing information about their future commitments, because knowing in advance will help the Foundation plan for the future, and all gifts will help to further the continuing development of Subud. We recognize the highly personal nature of these commitments. Unless you indicate that your name should not be published, Benefactors will be recognized in our publications and website. The Trustees are grateful for your gift and for your permission to publish your name as a Benefactor so that your example may inspire others.
